Peter Fry (Head, The Willink School) said:

My congratulations to our students for an outstanding set of results - and making it through an incredibly tough and disruptive two years under the shadow of the pandemic! This summer's exams were the first external assessments this cohort took. As expected results were up on the last time exams were set in 2019 and it is particularly pleasing that virtually all our students have secured destinations of their choice. This is a tremendous achievement. They are all exceptional, inspiring, and talented young people and the school couldn't be prouder of them. May I also thank Willink staff who have worked tirelessly to support our students and adapted their teaching to match the changing exam remits.
